Events

New Board Member Voting

Resources

Open/ Walk in discussions

Some of our top priorities at the yearly meeting will be around our budgets, new members, and the architectural guidelines. We have recently responded to an increase in requests for fences. The neighborhood values our open planning and the nature around us, we want to continue to keep a welcoming look and feel.

Let us know if you have any questions, we are here to help.

## A Letter from the President

The current Board runs on a lot of knowledge, and I am appreciative of all the support and effort from our HOA volunteers. Thank you.

Moving forward, we believe it is important to hear from everyone. We have crafted a survey so that we can learn more about what is important to you, please take the time to communicate with us about what is important to you so that we can be an extension of that voice.

You can email questions at [Board@FranklinValley.org](mailto:Board@FranklinValley.org), or come to a meeting, we welcome the input and support.

With Gratitude,  
Melissa Schreiber
